May 4<sup>th</sup>, 2021

It is with heavy hearts that the Board of Directors of the Oro Agricultural Society announce the cancellation of the 2021 Oro World's Fair scheduled for September 17<sup>th</sup> and 18<sup>th</sup>, 2021.

This very difficult decision was made after careful consideration of COVID-19 information currently available from various government agencies. The Board of Directors unanimously decided that the health and safety of our volunteers, vendors, visitors and the community in general is our primary concern.

We would like to take this opportunity to thank all of our volunteers, sponsors, businesses and in-kind donors who have helped the Oro World's Fair in the past and present. The fair would not be possible without your continued support.

The Oro Agricultural Society has overcome many challenges in our 169 years and this year is no different.

We will all get through this and grow stronger together. We look forward to seeing everyone at the Oro World's Fair in 2022!!

Stay safe and healthy!!

Sincerely,

Oro Agricultural Society,  
Board of Directors.
